

The CODY SHEPPERD project

5th

Annual Cody Shepperd Memorial Golf Tournament

In March 2020, Covid 19 changed our world in ways we never thought possible. Social isolation, physical distancing and increased levels of fear and uncertainty had closed many doors in our community. Our hearts go out to all that have suffered, both directly and indirectly, as a result of the pandemic. Now as we are getting back to some normality, we are confident that we will overcome these life altering experiences together.

Now, more than ever, The Cody Shepperd Project is committed to engaging our community and Stopping the Silence. Centre Wellington has been experiencing a mental health crisis among our youth since 2017 with the loss of nine lives to suicide within an eight-month period. With increased trauma resulting from the impact of Covid 19, the crisis has worsened. Children's helplines are reporting a 350% increase in calls from kids experiencing anxiety and mental health concerns. We need to act now to prevent further loss and tragedy.

For the 5th Annual Cody Shepperd Memorial Golf tournament, we have partnered with The Grove, Fergus, Youth mental health and wellness by youth for youth. www.thegrovehubs.ca. We could not be happier to be working with the Grove Fergus on this day, as Saturday September 10th is Mental Health Awareness Day.

**! TOGETHER
WE WILL SAVE LIVES!!!**

Saturday, September 10, 2022

18 Holes, play best ball

**Cart, Cody Shepperd Project Hoody
and Lunch is included**

Cody Shepperd wore many hats, including, loving son, supportive brother, trusted friend and accomplished athlete. In 2016, the impact of numerous concussions Cody suffered emerged, resulting in hospitalization for depression and anxiety. What began as a mental health journey, eventually turned to the most challenging fight of his life. Cody was strong and fought hard to overcome his mental illness, while surrounded by a community of friends and family who loved and admired him. **On October 20, 2017, Cody was unable to continue the fight. At the young age of 20, Cody Shepperd died by suicide.**

Our lives were forever changed on that day. With the loss of our son, came an overwhelming need to fight. Cody has inspired all of us to fight for those who continue to suffer in silence. Through The Cody Shepperd Project, we are committed to raising awareness and supporting local programs and services that address mental health and well-being. Our community needs us.

**! TOGETHER WE WILL
STOP THE SILENCE!**
